

# Installazione Mosquitto in Hass.io

## (istruzioni passo-passo)

The image shows a step-by-step guide for installing Mosquitto in Home Assistant Supervisor. The steps are numbered 1 through 6:

- Step 1:** Click on the **Supervisor** tab in the left sidebar.
- Step 2:** Click on the **ADD-ON STORE** tab at the top of the Supervisor interface.
- Step 3:** Find and click on the **Mosquitto broker** add-on in the list.
- Step 4:** Click the **INSTALL** button on the Mosquitto broker add-on page.
- Step 5:** In the configuration page, click on the **Config** tab to view the configuration file.
- Step 6:** Click the **SAVE** button at the bottom right of the configuration page to save the changes.

The configuration file content shown in Step 5 is:

```
1 logins:
2   - username: mqtt
3     password: mqtt
4   anonymous: false
5 customize:
6   active: false
7   folder: mosquitto
8   certfile: fullchain.pem
9   keyfile: privkey.pem
10  require_certificate: false
11
```

Buttons at the bottom of the configuration page: **RESET TO DEFAULTS** and **SAVE**.
